Hello to Air Permitting & Standards and Air Enforcement,

A couple questions have come up related to the POCs on the Part 60, 61, and 63. Attached is the listing the Leslye had updated and shared with me.

I'm transmitting just as a refresher of current assignments and to confirm my understanding the POCs remain in place, regardless of which branch POCs are assigned to.

If there are questions or comments or suggestions for changes, please let me and Jeff know.

Thanks!

Amy Algae-Eakin, Branch Chief  
Air Permitting and Standards Branch  
Air and Radiation Division  
U.S. EPA Region 7
